What makes **AssureCOMPLETE** so different?

Preventative and Predictive

AssureCOMPLETE is proactive with best-in-class iConn technology – other companies only replace parts after they have failed. Your CompAir service provider delivers additional value with predictive diagnostic reports with iConn Compressor Service 4.0, for total peace of mind.

No Proration

We are committed to keeping equipment operational at no additional cost.

Trustworthy Pricing

Competitive agreements increase in price for parts and service labour at the will of the supplier.

Risk Transfer

Extended warranties on competitive agreements typically cover defects in materials and workmanship, specifically excluding wear and tear, corrosion, etc. **AssureCOMPLETE** covers it all.

No Fine Print

The fine print on many agreements with extended warranties allows companies the opportunity to deny claims. Additionally, certain aspects of a repair are not covered, such as consumables or travel. With **AssureCOMPLETE**, there's no fine print.

No Paperwork Hassles

Extended warranties require you to maintain certain records or submit information to the supplier, otherwise coverage can be denied.

No Surprises

Most extended warranty contract language states they can terminate for convenience. With **AssureCOMPLETE**, we cannot walk away.

Flexibility

AssureCOMPLETE has more flexibility than an agreement with extended warranty. You can add older equipment, dryers and filters or include a rental compressor.

Your Requirements to Participate in **AssureCOMPLETE**:

1. Review and sign an agreement for transferring your risk and exposure to CompAir.
2. Submit a purchase order to CompAir.
3. Provide access to the assets identified in the agreement.
